# Paint

## from Nature ...

### Where to use:

Use BIOFA enamel paint Vernilux Aqua for all indoor or outdoor (depending on the product - look for 5134-5136 for indoor and 5141-5142 for outdoor purposes) wooden surfaces, such as doors, stairs, furniture, paneling, dog houses or more.

After priming with anti-rust paint, it can be used to decorate metal.

### Standard Colors

Wild Berry	Grain	Fresh mint	Hyacinth	Silver leaf
1	1	1	1	1
2	2	2	2	2
3	3	3	3	3
4	4	4	4	4
5	5			5
6				

These water based enamel paints were developed by engineers, who hate to paint. They created beautiful paints that are so easy, even they could use them. The results are so positive, the paints are the first choice for DIY as well as professionals! Not only are they technically top notch, they are ecologically friendly and have a positive effect on your home environment. Paint with gusto with any color to your heart's delight!

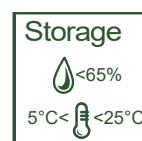

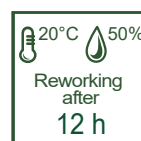

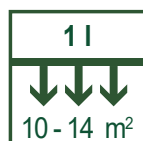

# Water-based Enamel Paint

## Primer AQUA 1211

is an excellent preparation for wood surfaces in both indoor and outdoor environments. It increases the bonds between wood and paint. The paint fills small irregularities and helps attain a smooth surface.

Dries fast!

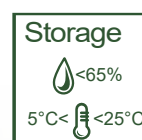

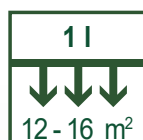

## BIOFA Vernilux Aqua White 5142 and colored 5141

bring silky gloss to the outdoors!

Use these paints on windows, doors, stairs, garage doors, shingles and dog houses. It works wonders on anti-rust primed metal. The long lasting, elastic surface is ideal for the outdoors, where temperatures and humidity fluctuate daily.

Can be used on toys and conforms to the international toy standard EN 71/3
